SOUTH BLUFFS PLANNED DEVELOPMENT  
BLUFF EDGE LOTS ONLY  
LOTS 1-13 INCLUSIVE  
OCTOBER 1, 1991  
REVISED NOVEMBER 12, 1993

BUILDING SIZE:

The minimum gross heated area of the home shall be 2,750 s.f. (exclusive of porches, carports and garages). The minimum ground floor footage shall be 1,500 s.f.

BUILDING HEIGHT:

The maximum height, as determined in the zoning ordinance for Memphis and Shelby County, shall be not more than thirty-five (35') feet nor more than 2 1/2 stories (exclusive of any basement).

SETBACKS:

1. Front yard setback shall be ten (10') feet from property line.
2. Combined side yard setbacks for the residence shall be ten (10') feet from the property line with a minimum setback of three (3') feet. A one-story garage may setback three (3') feet from the property line.
3. West side or rear property lines shall be fifteen (15') feet for the building mass, while softscape, hardscape, decks, landscaping, etc., shall be allowed to be built up to the property line.

GARAGES AND PARKING:

At least one double, but not more than a triple, garage is allowed. Said garage must be built such that the overhead door is turned at least 45 degrees or more from the street. Garage requirements may be waived if an auto court is properly fenced and/or landscaped acceptable to the Developer. Additional or guest parking will be only in spaces designated and approved by the Developer.

VIEW EASEMENT:

No landscaping, existing trees nor plant materials shall be planted nor permitted to remain in the side yards of the residents where said material exceed the height of seven (7') feet. This is a view easement for the benefit of all lot owners.

Landscape plans shall be required for design review prior to implementation.

FENCING REQUIREMENTS:

Fencing shall be permitted between residences, but shall be constructed primarily of masonry materials only, except as noted below. No side yard fencing shall exceed eight (8') feet in height and fences built on the rear or west line shall be of said standard design theme to be supplied by the Developer. Said fence shall not project into the fifteen (15') foot rear yard setback. Fences within the rear yard may be solid to a height of eighteen (18") inches, but must be of open metal design above.

Fence design must be submitted for design review prior to commencing construction.

WINDOW PLACEMENTS:

No windows shall be permitted on the north side of the home unless occurring more than five (5') feet away from said north property line for one-story windows or twenty (20') feet away for two-story windows. Any window sills located above the first floor along the south side of any house may not be lower than five (5') feet.

DESIGN REVIEW:

All architectural and landscape plans must be submitted for design review prior to making application for a South Bluffs Building Permit or a City of Memphis Building Permit.
